**DFK Asia Pacific Annual Conference  
Cebu, Philippines  
16 to 18 November 2016**

November 2016

On behalf of our Regional Executive Officer Emma Tran and members of the DFK Asia Pacific Executive Committee, a very warm welcome to delegates, sponsors and our team from DFK International Executive Office in London.

I hope that all of you enjoy the conference program, the facilities in this hotel and your visit to Cebu.

The most important part of the conference is the opportunity to network amongst yourselves and get to know each other better. From the opening Welcome Drinks Reception to the Gala Dinner, you will have the opportunity to network with your fellow delegates and renew old friendships and make new friends as there are some first-time delegates at this conference.

Exchanging ideas about best practices in client service delivery and business development always interests me as there are also ways to learn from each other.

DFK International is a forward-thinking Association of Independent Accounting firms around the world and over the last few years, our association has overcome many challenges and come out stronger from these experiences. These conferences provide us with great opportunities to connect with the team from our headquarters in London.

NAVIN PATEL  
Vice President, DFK Asia Pacific  
Partner, DFK Oswin Griffiths Carlton

November 2016

Dear delegates and accompanying persons,

Welcome to the beautiful and fun-filled Cebu Province in Central Philippines!

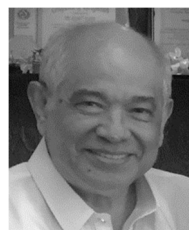

We are greatly honored that the Philippines was chosen as venue for our 26th DFK International Asia Pacific Regional Conference this year. The Philippines last hosted this Regional Conference in 2002, in our capital City of Metro-Manila. Our conference venue this year is in Lapu-Lapu City (Mactan) just a bridge away from Cebu City - Queen City of Southern Philippines – the country's second biggest business and trading center (to Metro-Manila – in Luzon).

Mactan is the island where the recorded “discoverer” of the Philippines – Ferdinand Magellan – was defeated in hand-to-hand battle with a local chieftain Lapu-Lapu. The Lapu-Lapu Shrine is very near our conference hotel. Some 44 years later, another Spanish expedition arrived in Cebu - which led to the gradual conversion of the islanders to Christianity. Cebu island is surrounded by coral atolls, smaller islets, and rich fishing grounds – making it world-famous with white sand beaches, scuba diving, and other water sports including snorkelling, island hopping, skiing and sailing. The island of Mactan is a popular holiday destination for those seeking both relaxation of beach side spas and the thrill of aquatic adventure.

Those with exploring souls may visit Fort San Pedro (in Cebu City), built by Miguel Lopez de Legaspi in 1565, the Basilica Minore del Sto. Nino – considered as oldest Roman Catholic Church in the country – built on the spot where the image of the famous Santo Nino de Cebu was found in 1565 by Spanish explorers, and the Magellan Cross planted by Ferdinand Magellan during the baptism of Rajah Humabon and his family and followers on April 21, 1521. Other points of interest are: the Lapu-Lapu Shrine (in Mactan), the Cebu Metropolitan Cathedral, Monument to Cebu Heritage, Colon Street (oldest and the shortest national road in the country), the Taoist Temple (built by Chinese community), the Provincial Capitol of Cebu, and the various commercial malls dotting the Cebu metropolis. It is easy to stroll around with most Filipinos conversant in English – although local tongue is “Visayan” which is generally similar to “Bahasa”.

Please enjoy your stay in Mactan (Cebu) Central Philippines, and optimize your continuing fellowship with our DFK friends and associates. God bless!

ANTONIO (TONY) P. ACYATAN  
Chairman – Board of Partners

**Whale Shark Watching Tour** (Including Lunch)

Oslob is a small, bustling town located along the southern coast of Cebu. It is home of the whale sharks, majestic sea creatures who have long fascinated nature lovers and thrill-seekers.

Whale Sharks are the largest fish in the ocean, some reaching up to 12 meters long! They present no threat to humans though and in Oslob it is possible to get up close to these gentle giants, either watching them from a boat, or snorkelling/diving with them in the sea. The facility is run by the government and has strict rules to ensure the safety of the animals, including no feeding or touching, and no cameras with flash. The sharks come close to the boats as the conservationists feed them. There are no nets, the sharks are free to come and go, but it is worth noting that it is not exactly like seeing them in the wild as the center is usually quite busy with tourists. It is recommended to go early in the morning for the best experience.

Get a close look at these gentle giants. Start the day early for a 3-hour coastal drive to Oslob. Catch a paddle boat with a boat guide who takes you to the playground of these whale sharks. Swim nearby or take photos to remember this amazing encounter.

Please note that this tour is subject to a minimum number of participants and if we do not reach the minimum number, we reserve the right to cancel this activity before the tour begins.

This is a pre-booked tour and spaces are limited. Please email Emma Tran ([etran@dfk.com](mailto:etran@dfk.com)) if you wish to join this tour.
