**DFK EMEA FIRM OF THE YEAR ANNOUNCED**

An auditing, business consultancy and tax advisory firm in Dubai has been recognised for its contribution to DFK EMEA at the region's annual conference.

N.R. Doshi & Partners has been announced as the winner of the 2019 DFK EMEA Firm of the Year Award.

The accolade is presented to the firm which has contributed the most to the positive development of the region throughout the year.

The firm, which has been a member of DFK International since 1998, was judged to have made the highest contribution for reasons including hosting last year's EMEA and MEA conferences, being members of a number of committees and working with other member firms on referrals.

It also looks to actively promote the association, such as when Arvind Malia, Executive Officer of the MEA Region, represented DFK International at the Global Accounting & Finance Show Middle East.

Speaking about being presented with the award, Arvind said: "This award is a result of our tireless efforts to strengthen the EMEA region of DFK, and we are very proud to receive it.

"We have been a member of DFK International for many years, actively promoting the organisation, both attending and hosting conferences, sharing knowledge and information, and participating in executive and council meetings.

"During this time we have also achieved impressive internal growth, becoming a reasonably large sized firm in the SME sector.

"The award demonstrates the reputation of our firm in providing a high standard of professional services, and will only help enhance this further both locally and internationally.

"Going forward we will continue to help build the reputation of DFK at a local and regional level, assist with growing membership numbers, help strengthen the EMEA region and continue to show our support by participating in conferences and discussions."

Anne Brady, Vice-President of DFK EMEA, said: "N.R Doshi & Partners have contributed to DFK EMEA in a variety of ways and are extremely involved in the association.

"They are a huge advocate of DFK International, and not only actively participate in conferences and committees, but also work closely with other member firms and make a large number of referrals.
